Dear Member,

### You need to take action now

We wrote to the trustee of this Synergy Executive Pension in December outlining the impact of new pension legislation (IORP II). We asked them to confirm if they, together with your employer, wished to wind up this scheme and transfer to an alternative arrangement by the end of June 2023. We confirm that we received a signed request to wind up the scheme.

#### What do I need to do?

You now need to choose where you would like to transfer your pension to. To help you make this important decision, you need to get in touch with your financial adviser <FA Company Name> who will help you decide on the best option for you. They can provide more information about the options you can choose from, and help you complete the documents needed to transfer your pension and finalise the wind up of the scheme. In general you can:

- transfer to a Personal Retirement Savings Account (PRSA)
- transfer to another occupational pension scheme of which you are a member (which includes master trusts)
- transfer to a Buy Out Bond (BOB), or,
- retire, if the circumstances are right.

The booklet "Your guide to IORP II", enclosed with this letter outlines the impact of the legislation and provides some more information about the options you can choose from,

#### Your policy

Your transfer value on <Date> was €XXXX

This value is for illustrative purposes and is not guaranteed. If you decide to transfer your pension, the value will be calculated on the working day following receipt of completed documentation and any other information we've asked for. The transfer value of your pension may go down as well as up.

#### Wind Up

Once your employer confirms contributions to your scheme have been terminated and you have chosen where to transfer your pension fund, the scheme trustee will instruct the wind up and transfer of your pension fund.
