

Barclays Euro Structured Deposit

Use this form if you

- have an existing policy, and want to move (switch) some of your investment within your policy into this structured deposit (a Self-Directed Option), or
- have just completed a Synergy application to invest in a new policy, where you've instructed us to invest in this structured deposit (you don't need to complete Part 4 overleaf)
- want to top up your existing policy, and are enclosing a cheque for the top up amount (the structured deposit amount may be less as part may be required to be held back in your policy's cash account to pay for charges throughout the term)

If you have more than one policy where you want to switch funds, you must complete a separate form for each. You must read the structured deposit key features document, and structured deposit key information document, available from your financial adviser.

Investment choices are made at your own risk, so it's important to get the appropriate financial advice.

Investment products like this can be difficult to understand, that's we require you to talk to a financial adviser. Standard Life does not give financial advice.

When you are getting advice from a financial adviser, you should remember that they are acting on your behalf, not only by giving advice, but also regarding the completion of this form.

If the terms change in the period between Standard Life receiving your completed application and/or payment, and Barclays receiving the payment from us, you will be given the option of accepting the revised terms, or an option not to proceed.
